

Invitation to Moto Guzzi Club of Sweden's meeting this summer in Gellivare.

Castlemeting for Italyfriends

‘What’s a ballat the castle.?’

Come here and you’ll see!

20 – 23 July 2007

Situated at the foot of the mountain Dundret in Gellivare is the beautiful 19th century castle Fjellnes. Where people like king Oscar II of Sweden, the Swedish parliament and other prominent persons has eaten from the delicacies of Lapland and drank the most expensive wines in the world. This during a time when it was forbidden to bring any kind of alcoholic beverages to Lapland.

This summer at last it’s our turn!!

Then there is an exotic meeting for Italyfriends in the inner of Lapland. The castle has now Italian owners and because of that has the meeting possibilities to offer a mix of the best of Italy and Lapland. There will be served a lot of interesting views of Lapland and experiences, food and beverages characterized of Italian and Laplandian origin. Primary it’s a motorcycle event, but we welcome all Italian vehicles. If only the heart is pure and coloured in red, white and green, no one will be disqualified because that they haven’t yet found the right values in life, and still travels with something else between the legs.

Curious?
